Re: Griffin, Sharon (e/o Joseph Griffin) v. A.W. Baylor Versapanel-Plastering, Inc., et al.
Case No. 13-010014 (27)

Dear Sir/Madam:

I am searching for records relating to asbestos-contaminated vermiculite ore mined in or around Libby, Montana, Enoree, South Carolina, Woodruff, South Carolina, or Louisa County, Virginia (the "Vermiculite Mines") from 1960 to 2012. In particular, I am looking for the following categories of documents:

- Testing results confirming the presence of asbestos in or around the Vermiculite Mines;
- Documentation regarding sales of vermiculite from the Vermiculite Mines to the Scotts Company, Scotts Miracle-Gro Company, Premix-Marbletite Manufacturing Company, or Premix Corporation;
- Documentation regarding the presence of asbestos-contaminated vermiculite in fertilizer products sold by the Scotts Company or Scotts' Miracle-Gro Company;
- Documentation regarding the presence of asbestos-contaminated vermiculite in construction products sold by Premix-Marbletite Manufacturing Company or Premix Corporation; and

- All memoranda, reports, and written findings addressing the results of any investigations pertaining to the health impact on individuals exposed to asbestos-contaminated vermiculite from the Vermiculite Mines.

Very truly yours,
